NEWS FROM OUR COMMUNITIES

LOYOLA COLLEGE, CHENNAI

Orientation programmes at the beginning of the academic year may be routine everywhere. While the routine may clip the wings of excitement and inspiration,

our community orientation was not so routine this year. With **Fr. Stanley**, the Rector of Andhra Loyola College, as the resource person, the orientation on June 12th and 13th was meaningful and interesting because the sessions were interactive and recommendations were practicable.

The newly-recruited and the junior teaching faculty had an orientation programme focused on Jesuit tradition, competence building and work ethics. Eminent scholars from IIT and corporate bodies addressed the entire faculty on work culture and ethics. During a half-day orientation, the importance and contribution of the non-teaching staff were recognized as the backbone of the administration.

Fr. Ignacimuthu was the resource person on June 11 for the orientation of the staff of Loyola Academy, Hyderabad. On June 22, while **Fr. Francis P Xavier** was at the Sacred Heart Seminary, Poonamallee to conduct a session on "Time Management" for the philosophers and theologians, **Fr. Emma** was at Nochiodaipatty to conduct a one-day workshop on "The Right Attitudes of effective Alcohol Counsellors" during a Counsellors' Training Camp organized by **Fr. Jayapathy** and the Capuchins. It was a welcome initiative by **Fr. M. J. Mahalingam** to print and sell colourful Loyola College notebooks to students.

Though LIBA's official inauguration of the academic year was on June 21st, an intense English coaching to some selected students was offered for two weeks since May 24th. From June 7th to 18th, all the first-year students had a Bridge Course with special focus on Math, Accounts, Computer and English. Fr. Emma, who has been appointed the Deputy Director of LIBA is in charge of the full-time academic programme and the non-teaching staff. Besides counselling, he is also involved in encouraging research and collaboration with industries for the welfare and training of LIBA students.

LICET (Loyola-ICAM College of Engineering and Technology) has received AICTE approval. Our ICAM (France) partners were with us for joint deliberations from July 21st – 25th and they also had a short meeting with Fr. Provincial on July 24th. Staff selection is over and we have been given green signal to issue LICET application for the management selection. We start giving application on August 9. LICET will be included for single-window counseling on August 12th.

ARUL KADAL, CHENNAI

At the invitation of the Centre for Social Democracy and the Human Rights Desk of Mannar Diocese **Fr. Raj**

He went to the war-ravaged areas and got first-hand information about the catastrophic havoc unleashed on the innocent Tamils under the guise of war against terrorism. He also addressed the Human Rights Seminar in Kandy to a group of priests and religious of Sri Lanka. His hour-long interview has been posted in the internet by Kumudum.com group, which highlights the present stark reality of the war-hit Tamils whose dignified resettlement and rehabilitation is being blatantly ignored and sidelined by the Government of Sri Lanka.

The deacons have plunged themselves into transforming their theologizing experience into pastoral action in the places of their SUPAM ministry from 12 July. **Frs. Maria Arul Raja, Raj Irudaya** along with **Schs. Lawrence** and **Jayaseelan** attended a two-day conference of Tamil Irai Iyal Mandram on 09 and 10th in Tamil Nadu Theological Society, Madurai.

LOYOLA INDUSTRIAL SCHOOL, RANIPET

With a heavy heart, we bade farewell to our beloved German volunteers **Mr. Turgay** and **Mary** who spent almost a year with us in Ranipet. With their generous help, we have installed solar panels in the school, the Jesuit Residence and the Loyola boys' hostel. Thus our entire campus is now powered by Solar energy and has become "A Power cut free zone". Loyola Industrial School would be happy to provide not only consultancy for solar power installation but is also ready to undertake work orders from any of ours.

MODELS

“MODELS” (Movement for Developmental Evangelization and Lay Spirituality) was started in 1997, under the auspices of the Jesuits of Madurai Province to form the laity for the mission and ministry. About 45 members, men and women, belonging to various walks of life, based mainly in Dindigul district, were introduced briefly to almost all the subjects of theology and spirituality and also to Jesuit history, etc. This team has been very active in rendering spiritual service in the parishes, with an Ignatian spirituality slant. Now, these lay ministers have been reorganized for our Apostleship of Prayer Ministry.

They had a one-day recollection at the Sacred Heart Residence, Beschi, organized by AP and EC (Apostleship of Prayer and Eucharistic Crusade). **Fr. D. Jeyaraj**, who was instrumental in initiating “MODELS”, feasted the participants to a well-received Ignatian thought and spirituality, centred around holistic human growth. **Fr. Dominic Savio**, Socius to the Novice Master, led them to the realization of their inner potentials and spoke on simple but innovative methods in our prayer and ministry. **Fr. Marivalan** explained to them the aspects of Apostleship of Prayer.

KAZAKHSTAN MISSION

In this vast country I am the only Priest and Jesuit from India. This has both plus and minus points. Spending nearly three years in this Mission as there was a call for a volunteer from the **Most Rev Thomaz Peta**, the Archbishop of Astana, I can share something on this Mission. The country has opened the doors for Missionaries from many parts of the world and the Catholic Church has a Nuntiature, four dioceses and good number of parishes. The parish structure is the basic one from which Catholic Ministry works out and I am in Pavlodar Parish.

Three Jesuits form a community and our ministry is to offer Mass regularly in the centre and visit substations. The Catholic community is not very large but spread over the region. I spent time to study the Russian language and offer Mass in the centre. On different occasions I have been assisting the neighbouring parishes, one is 130 kms. in the west and another 70 in the east.

From time to time I have been reporting the events in “Jesuits in the Europe-Bulletin”. All the Jesuits in Russian region came together for a Regional Meet in Novocibirsk, Russia. The Meet was from 4 to 8 July, 2010. The region consists of five countries, Russia, Belussia, Ukraine, Kazakhstan and Kirghistan. Fr. General was here for the meet. After the meet there was a retreat in which I participated. After the end of the Soviet rule the region and this country face many challenges and chances to restore the life of Faith and Sacraments besides any number of social situations. Welcome to have a taste of Catholic life with a difference.

CHENNAI MISSION TASK FORCE ON SOCIO-ECONOMIC ACTIVITIES

The task force had its first meeting of this academic year on 24th July at Loyola, Chennai. The members of the Mission Task force (**Frs. Bellarmine, Michael Joseph, Mark Stephen, Michaelraj and Manu Alphonse**), as well as **Frs. George Joseph, John Kumar, Anto, Michealdoss, Ignatius Amalaraj, Dominic, Maria Arul Raja, and Fr. Arockiasamy and Dr. Bernard Sami** (Migrants Ministry) participated.

Besides strengthening the already existing major Social Initiatives in the Mission, like Social Watch - Tamil Nadu, Dalit Human Rights Centre and AHAL, the task force has been given the task of encouraging and initiating new socio-economic involvements in the Mission Area.

After a review of the Strategic Action Plan, presented by the Task force at the Meet in February 2010, the members shared about the various initiatives that are coming up in the Mission.

Jesuit Migrants Services (JMS) had a modest beginning in the Mission, with the missioning of Fr. Arockiasamy for the task. As a preparation, he has been placed with Arunodhaya Migrants Initiative (AMI), for experience and apprenticeship. AMI has been involved for many years in the sphere of ‘Out Migration’, locally in Kalpakkam as well as in training, research and advocacy at State, National and international levels.

Ministry among alcoholics, started by and taken care of by our theology students and staff of Arul Kadal, has been going on in the dioceses of Vellore, Chengalpattu and Madras-Mylapore. They are involved in various activities, linked to the challenge of “constructing a culture of recovery from the culture of addiction”.

Extension Services in our major educational institutions (Loyola Chennai, Loyola Vettavalam, Kuppayanallur Institutions and Loyola, Ranipet) have been involved in various initiatives of linking our institutions to the concerns of people in the neighbourhood as well as imparting social consciousness to our students.

After sharing and discussions about the various initiatives, the members stressed the need for keeping up exploring possibilities of starting a Tribal Ministry in the Mission.

Fr. Victor, the Mission Superior, who joined the group towards the end, appreciated the work that had been done by the taskforce and encouraged the members to keep moving forward together, in spite of possible difficulties and frustrations on the way.

NOCO – 80

We, the Novitiate companions of 1980 batch (**NOCO – 80**) gathered together on 10 and 11 July, to express our Gratitude to the Lord by celebrating our Companionship and Togetherness in the Society at St. Xavier's, Palayamkottai and at Irudayakulam Farm.

We, twenty-four, the largest and the fourth batch of Novices under **Fr. D. Jeyaraj**, joined the Novitiate. Seventeen of us pronounced the First Vows and after that one scholastic left the Society and after ordination **Fr. Pooranam** went to his Eternal Rest and hence we are fifteen in the Society right now. Of the fifteen, nine of us, **Amal, Anto, Arock, Britto, Ignacy, Paul, Stephen, Victor and Vinny** along with **Mr. Francis and Dr. John De Britto** who were our co-novices met together. We really missed the company of six of us, **Gilburt, Maria Joe, Masil, Mount, Sahay and Stephen Kulandai**.

Even though we have been meeting in the past periodically on various occasions after the Novitiate, this time we confined ourselves to the following three questions to ponder over:

1. What have been our happy moments / achievements in our life in the Society?
2. Which are our unfulfilled dreams in our life?
3. What would we like to contribute to the Society, Church and to the People?

We had in-depth sharing on these questions and we discussed the growth of our Province since we entered the Society and felt proud how our Province has been playing the role of being the Pioneer in various fields and reflected over the constraints and obstacles that hamper our growth.

We thank **Br. Xavier**, who listened to our sharing by sitting at the back and took care of us as a mother with love and affection. We remembered with gratitude **Fr. D. Jeyaraj**, our Novice Master, **Frs. A. Arulanandam** and **I.M. Joseph**, our Socii for forming us.

With a sense of gratitude to each other for the companionship, the enthusiastic participation and for the generous hospitality of SXC and Irudayakulam we dispersed to do our ministries more enthusiastically.

INIGO AND BUDDHA: POINTS OF CONVERGENCE

Celebrating this in this predominantly Therevada Buddhist country makes the feast of Inigo very significant. Both Buddha and Inigo come from warrior clan. Both had a young age so different from what they would become later. Both had a deep spiritual experience that changed their lives. Both worked on the various 'spirits' at work in the human mind.

Both understood the impermanence of many things and sought something enduring.

Both worked on the mind (and soul) for long hours, looking for answers within.

Both were deeply touched by an experience. The description of that experience is almost verbatim similar to one another.

Buddha went on to found the Sangha; Inigo went on to found the Society.

Both gave compassion as the guiding force in human relationships.

Inigo looks so Eastern in his methods when viewed through a Buddhist lens.

But he also departs in personal relationship with God and Jesus.

He worked through human problems with the guidance of the Spirit.

He is a cross cultural Holy Man.

May he continue to inspire all of us.
